Sired by Chester Dare 10, by Black Squirrel 58 by Black Eagle 74. 1st dam by Silver Time 225; by Silver King; 2nd dam by Silver King; 3rd dam by On Time, blood bay, 15 3-4 hands, said by good judges to be one of the finest stallions living. I confidently assert he has as much natural style as any living horse. He is more like his great sire Chester Dare 10, than any colt Chester Dare ever got. Garrard Chief won the championship of the South West at Dallas State Fair in 1908, 1909 and 1910 and also at Ft. Worth Horse Show in 1910 and during that time his colts won more than any other herd shown in saddle classes and Garrard Belle by Garrard Chief was shown last year at three years old 14 times and won 13 ribbons. He will make the season of 1912 at W. H. Murphy's stable four miles from Stanford on Hustonville pike at \$25.00 to insure a living colt. Mares grazed at \$2.50 per month. Care taken to prevent accidents but not responsible should any occur.

**PROMINENT PINEVILLE MAN CONVICTED OF ARSON**

**John L. Saylor Found Guilty of Defrauding Insurance Companies And Sentenced to Pen**

(Lexington Leader)

To those who try to make others think that they do not believe in "luck," the story of the Henry Clay Fire Insurance Co.'s first prosecution of a person who burned property to get insurance on it will be a hard blow.

John L. Saylor, of Pineville, Ky., formerly county clerk of Bell county of which Pineville is the county seat, and a man who is reputed to be worth more than \$50,000, was convicted of arson last Saturday night at 10 o'clock by a jury at Pineville and his punishment fixed at one to five years in the penitentiary.

According to information secured here, Saylor and a woman were indicted at Pineville for securing double payment of insurance on a small dwelling owned by the woman by burning it after they had taken out double policies on it, stating to each company that there was no other insurance on the building. Thus they secured \$1,200 of insurance on a dwelling worth about \$500. Half the insurance was with the Henry Clay Co. here and the other half with the National Union Insurance Company's Ashland office.

Shortly after they secured this insurance the building burned, about the first of October, 1911. Saylor and the woman compromised with the National Union Co. and got \$585 insurance cash. Two months later Saylor, who was the Henry Clay Company's Pineville agent, notified that company of the loss that had occurred two months before. An adjuster was immediately sent to Pineville and the loss was compromised on about \$500. Adjuster John L. Sowards of the Henry Clay Co., reported that there was something "crooked" about the loss, but that he could not prove it, so there was nothing for the company to do but pay.

Several weeks later Adjuster Sowards was in Madisonville, Hopkins county, in the western part of Kentucky. There was several inches of snow on the ground and during the evening he was sitting about the hotel lobby. While there he met a man who proved to be Adjuster H. A. Haskell of the National Union Insurance Company. They began swapping hard luck stories and finally Sowards told Haskell of the Saylor case in Pineville, saying although he believed the case to be one of fraud he could not prove it and had been forced to advise the company to pay the loss. They compared notes for a few minutes described Saylor and the woman to each other and the mystery was started on its road to solution.

Sowards quickly notified the Henry Clay Company here, and Deputy Fire Marshal Jordan Peel of Nicholasville was hurried to the scene. The rest was quick work; for within ten days Peel had worked the case up, had Saylor indicted and secured a conviction and penitentiary sentence.

Manager Claude F. Snyder, of the Henry Clay Co., complimented Mr. Peel very highly for this exceptionally good work and declared that the value of the victory was not so much in that it will enable the Henry Clay Co. to recover its \$500 insurance money secured by Saylor through the fraud, but that it will warn other "fire bugs" in all parts of the State that the fire marshal's office is now really prosecuting offenders, as more indictments and convictions have been secured, he said within the last four months than during all the other eight years in the office has been in existence.

We are hearing the same old story this spring, that we have heard every since we can recollect. We hear

men saying that there won't be anything raised this year. Forgetting that the Lord said, as long as the earth remaineth, there will be seed time and harvest. We make mention of this for the benefit of those farmers that seemingly are so disheartened.

**"UNCLE HARVE" FLOYD**

**Passes Away Near Waynesburg Full of Years and Honors**

On last Sunday morning as the gentle sun was casting her rays upon another earth, the chariot of the Lord bore away the spirit of our dear uncle, Harvey Floyd, to a new and better life, leaving only its earthly temple with us to await the trumpet sound to come forth. He was born on Fishing Creek near Waynesburg, July 29, 1827, of a staunch, responsible Christian parentage, David and Nancy Floyd and reared under such influence, inculcating principles admired and honored by all, which he maintained through life, and prepared him for a good law abiding citizen, kind accommodating neighbor, and loving, tender husband. He was married April 17, 1860 to Esther Ann Elliott, who survives him.

Uncle Harve, as he was familiarly called, was genial, courteous and hospitable, the old type of hospitality, friends were welcome, strangers were taken in, the hungry fed, and his heart, hands and doors were always open to relieve affliction. He has had failing health for several years and has been in a helpless condition for two years, but he was patient, enduring, and submissive during his affliction, though he longed to live with his dear wife in her affliction, and his loved ones for whom he has struggled, yet he gave satisfactory evidence that as his life was ended he had anchored his soul in the "Heaven of Rest." He united with the Baptist church at Old Double Springs, as it is now called, about 46 years ago and through his long life, he served his church and his God with a devotion that made his life a positive force for righteousness. His mind was a storehouse of interesting incidents of pioneer days; and his remarkable memory enabled him to call these incidents with ease and to tell in an interesting way of the triumphs of the gospel in the early days. He loved the house of God, and was always to be found at his altar in worship, until tendered by his physical weakness.

In a brief sketch I will give a few interesting things on his home life. He was born and died in the same room of the house which he was raised. He never bought any bacon, soap, brooms, and was never out of milk and butter of his own. He has been a member of the Masonic lodge for 63 years. His home is one of the most picturesque places in this section of the county, because it has the same rustic things as it had in the pioneer days and has in it some relics, which are unknown in style to a great many people of this day. He was indeed one of the brightest jewels of God and most remarkable men of earth, ever reflecting the lustre of the divine glory through his life illuminating character. The funeral was held at the Waynesburg Baptist church, Monday May 6, 1912 by his pastor, Rev. Pike, after which his body was quietly laid to rest in the Old Double Springs cemetery, to await the coming of his Lord and King. May the God of infinite grace bind up our broken hearts in the time of our trouble and bereavement.

Another tie is broken, In this world of sorrow and sin To the summons "come up higher," He peacefully entered in.

Into the portals of glory, Away from all worthy strife Forever he'll dwell in heaven, And be filled with the joys of life.

More than four-score years have vanished, Since he came to earth to dwell So help us "our Father" just to say: Thy will be done—farewell. Loving Nephew, **WALTER MOSER.**

J. W. Jordan, a well known dentist of Hopkinsville, Ky., recently had an operation for his kidney trouble, but he says: "The first real relief I got was after taking Foley Kidney Pills. They eased the terrible pain in my back and accomplished more good than anything I had tried. I gladly recommend them." Shugars and Tanner.

**Nature's Way Is The Best.**

Buried deep in our American forest we find bloodroot, queen's root, man-drake and stone root, golden seal, Oregon grape root and cherrybark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "Golden Medical Discovery."

This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require when recovering from a hard cold, grip, or pneumonia. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body. The weak, nervous, run-down, debilitated condition which so many people experience at this time of the year is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue."

"More than a week ago I was suffering with an awful cold in my head, throat, breast, and body," writes Mrs. JAMES G. KENT, of 710 L. Street, S. E., Washington, D. C. "Some called it La Grippe, some pneumonia. I was advised by a friend to try a bottle of your 'Golden Medical Discovery.' I tried a bottle and it did me so much good that I feel safe in saying it is the greatest and best medicine that I ever took. My health is much better than it was before using your medicine. It does all you claim for it and is satisfactory."
